

## INDEPENDENT CONSUMER & COMPETITION COMMISSION

### PRESS STATEMENT

#### INDICATIVE RETAIL FUEL PRICES – DECEMBER 2025

The Independent Consumer and Competition Commission ('ICCC') hereby announces the new retail fuel prices for this month, which will take effect on Monday, 8<sup>th</sup> December 2025.

For this month, the Indicative Retail Prices ('IRP') for petrol, diesel and kerosene will all increase on average. The movements in domestic retail fuel prices are attributed to the corresponding movements in the Mean of Platts Singapore ('MOPS') prices<sup>1</sup>, which have increased in November despite a slight decrease in crude oil price in the same month.

The domestic retail fuel prices for this month are inclusive of the Import Parity Prices (IPPs) or the imported costs for each petroleum product, domestic sea and road freight rates for the fourth quarter of 2025, the approved annual wholesale and retail margins for 2025 and the Goods and Services Tax (GST), including the applicable excise duties, among other parameters.

#### PORt MORESBY

As a result of adding all the various cost components mentioned above, the maximum retail price for petrol, diesel and kerosene in Port Moresby will change as follows:

Port Moresby Retail Prices ( toea per litre, tpl)	Petrol (tpl)	Diesel (tpl)	Kerosene (tpl)
Retail Price as of 8 <sup>th</sup> December 2025	<b>442.07</b>	<b>437.73</b>	<b>413.53</b>
Retail Price as of 8 <sup>th</sup> November 2025	<b>435.69</b>	<b>424.11</b>	<b>393.78</b>
Change (+/-) tpl	<b>+6.38</b>	<b>+13.62</b>	<b>+19.75</b>

#### ALL CENTRES

For all other centers, the maximum retail prices for each regulated petroleum product will change on average consistent with the changes observed for Port Moresby.

The prices set by the ICCC are the indicative maximum retail prices, however, retailers may choose to sell below the ICCC-approved maximum price.

Whilst retailers may choose to set fuel prices on their pumps to one decimal place, the ICCC will continue to set the maximum price to 2 decimal places. No fuel pump operator should charge above the Indicative Retail Price for this month's price regardless of the number of decimal places. This is to ensure compliance with the *Prices Regulation Act* Chapter 320 ('PR Act') under which the maximum prices for fuel products are set. Retailers who are displaying prices to 1 decimal place are urged by the ICCC to round the prices down to ensure prices are within the allowable indicative retail prices.

ICCC Inspectors will conduct regular spot checks on 8<sup>th</sup> December 2025, to ensure on-going compliance by retail fuel operators.

Consumers are advised to report any instances of overcharging by retailers to the ICCC's Consumer Protection Division on telephone number **312 4600**, or by contacting our Regional Offices closest to you on the numbers provided above.
