Dear Sir,

SUBJECT: **PROTEST LETTER.**

We are a local company (SME) operating in the Western Highlands Province. We distribute and sell day old chick, frozen chicken, eggs, stockfeed, flour and millrun. We employ total of 12 people and rent two properties at K30,000.00 (K10,000.00 and K20,000.00) per month.

Mainland holdings have been supplying and supporting all SME while Goodman Fielder (GFI) have always supported big companies like Farmset, Dae Won wholesaler, chemica etc....

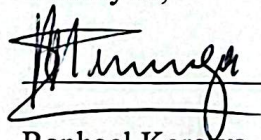

If the Poultry business of mainland holdings is sold out to this foreign company, then definitely all the SME Business will go out of business because there will not deal with the small national businesses.

How can a foreign business who does not operate chicken business in the country to just come into takeover MHL chicken business that supports SME sectors in last 54 years?

Table Bird DOC and Feed has helped all SME sectors across the country and I strongly oppose this idea of selling chicken business to foreigners. They might serve their own business interests and this will greatly affect us all SME sectors. Government is not providing enough employment to every citizen and we all depend entirely on SME to sustain our livelihood.

Therefore, I would recommend that the Poultry Business of Mainland Holdings should not be sold to the foreign company.

Thankyou,

Raphael Kerowa
Managing Director
Kendfresh Liquor Ltd
